

HP 10bll+ Financial Calculator

A smart choice for professionals and students, the easy-to-use design delivers business, finance and statistical calculations fast.

Easy and affordable

Get the answers you need quickly with the easy-to-learn and use HP10bll+ Financial Calculator. Whether you are a student or a practicing professional, the HP 10bll+ makes it easy to solve business, financial, statistical, and math calculations accurately and quickly, at a price that everyone can afford. The design packs plenty of features to make your work less complicated.

- Dedicated keys provide fast access to common financial and statistical functions
- Maintains keystrokes of the HP 10bll while adding 10 types of financial and statistical calculations: trigonometry, hyperbolics, perm/comb, depreciation, bonds, breakeven, algebraic hierarchy, random numbers, date calculations, and probability distributions
- Offers both chain algebraic and algebraic entry-system logic
- Clear, easy-to-read 12 character LCD with adjustable contrast and on-screen labels.

Fast and powerful

The HP 10bll+ is designed with powerful finance, business and statistical operations.

- View answers with up to 12 digits of accuracy
- Get immediate results – no waiting for complex calculations
- Store up to 22 numbers in memory registers for later use

A great investment that can grow with your needs

- Students can use the HP 10bll+ for multiple courses – from introductory business, finance, accounting, real estate, and banking to mathematics, science and statistics
- The HP 10bll+ is the first calculator in its class with probability distributions functions: a topic required in many introductory statistics classes
- Ideal for exams with intuitive keyboard layout and minimal keystrokes for many common functions

HP 10bll+ Financial Calculator

Part number	NW239AA
Display	1 line x 12 characters, adjustable contrast
Display type	LCD, 7-segment
Entry-system logic	Algebraic Chain Algebraic
Menus/Prompts	No
Keyboard	Numeric
Statistical functions	Register and list based (45), regressions: $m \cdot x + b$, $m \cdot \ln(x) + b$, $b \cdot x^m$, $b \cdot e^{(m \cdot x)}$, $b \cdot m^x$, $m/x + b$, best fit; summary statistics, sample standard deviation, population standard deviation, weighted mean, prediction, correlation, probability: Z, Student's T, inverse Z, inverse Student's T; combination, permutation, random number
Scientific/mathematical functions	e^x , \ln , $!$, square root, y^x , x^2 , $1/x$, trigonometric, hyperbolic
Financial functions	TVM: loans, savings, leasing; amortization, cash flow analysis (45): IRR, NPV, NFV; depreciation: SL, SOYD, DB; bonds, interest conversion, margin/cost of sales, break-even analysis, date calculations
Memory registers	22 registers
Power supply	2 x CR2032 batteries
Battery life	1 year (when used 1 hour/day)
Automatic power off	After 5 minutes
Power off memory protection	Yes
Best used for	Accounting, Banking, Business, Finance, Mathematics, Real Estate, Science, Statistics
Meets exam requirements for	SAT, PSAT/NMSQT, and College Board AP (Advanced Placement) Tests*
Weight	3 oz (85 g)
Dimensions (W x D x H)	3.19 x 0.6 x 5.7 in (8.09 x 1.4 x 14.5 cm)
Warranty	1 year (may vary by region)
What's in the box	Calculator, batteries, Quick Start Guide, protective sleeve

* College Board, AP and SAT are registered trademarks of the College Entrance Examination Board.

HP 10bII+ Financial Calculator

Breakeven quantity calculation also determines estimated profit

Depreciation functions enable quick calculations of asset values

Statistical data entry allows for review and editing of up to 45 data points. Choose from six regression options, plus Best Fit

Amortization and time value of money functions enable quick calculations of loans and mortgages

Cash flow calculations (IRR, NPV, and NFV) using up to 45 data points with unlimited frequency

Normal, inverse Normal, Student's, and inverse Student's distribution functions eliminate the need for cumbersome probability tables
